

tCentric Hybrid™ gets a new color option: **Light Grey**

Now available

To further fuel the unprecedented demand for the tCentric Hybrid, ergoCentric is pleased to introduce the new light grey color. The new color variant is available on the Synchro Glide mechanism for both mesh and upholstered seat options, and is available with all standard options such as tCentric Lumbar Support, tCentric Armrest (only armrest available when choosing Light Grey), Air Lumbar and Adjustable Headrest.

Light Grey is easy to order and has been added to ergoCentric's price book.

Mixing of Midnight Black and Light Grey components is not an option.
